Dear Ms. Simpson,

In response to your letter questioning two contributors on our Year End Report (7/1/97-12/31/97) I am enclosing an **AMENDED** report for that time period.

This report shows the proper designation for the contributions in question. Both of the contributors had previously sent in documentation re-designating the appropriate amount of their donations to the *General* cycle. Unfortunately the update was not made on our computer software before we printed our reports for the past period. Please be assured that this has been corrected and we will make every effort to ensure this does occur in the future.

Thank you for your attention to this matter.

Sincerely,

Peter H. Barhydt
Campaign Manager
